Featured Speaker - Henry Winkler

Aside from his familiar role as "The Fonz" on the popular TV show Happy Days, and various screen projects, Henry Winkler also has a deep interest in working with children. He majored in drama and studied child psychology at Emerson College and earned his Master of Fine Arts from Yale School of Drama. He has written many children's books and has partnered with Toys for Tots, the Special Olympics and other organizations. But his testimony is that he has triumphed over his own learning challenges to achieve.
