

June 2025

Greetings St. Philip's Parents and Students!

Thank you for another wonderful year at 1600 Pennsylvania Avenue! Enclosed you will find a summer reading list, math activity packets, school supply information, uniform policy, class trip information (2nd through 8th grades), a 2025-2026 school year calendar, and several other important items. Many of these items, along with the full year calendar, will remain posted in the parent portal of our school website, www.stphilips1600.org. If any of the above items are missing please contact the Office of Admissions and Enrollment Management at admissions@stphilips.com. Records may be withheld if your child has missing books (library or textbooks) or if there is a need to reconcile with the business office for any reason.

Mrs. Kellee Murrell
Principal

The Summer Reading and Math requirements can be found throughout this document based on your students 2025-2026 grade level.

Plan to join us for our "Back to School Bash" event on Sunday, August 17, 2025, time TBD. This is also an opportunity for you to bring your labeled school supplies to the classroom before the first day of school. Look for a special message from your homeroom teacher or advisor in early August.

The first day of classes will be Wednesday, August 20th with **chapel service beginning at 8 :25 AM.**

There will be no before or after school care until , Monday, August 25th .

Parents, we will be looking for volunteers to assist in AM carpool – coined, K.S.S. (Keeping Saints Safe) each day. A sign-up link will be shared prior to the start of the school year for you to sign-up for your homeroom or grade levels week. Let us know if the students can count on seeing your smiling face as they arrive to school next year. If you can commit to one day or more, it will truly help. The shift is 7:40 until 8:00 AM. Thanks to all who stepped in to make our student arrivals happy and safe this past year. We truly appreciated your 'sunshine or rain' sacrifice.

Enjoy a wonderfully blessed summer!

Sincerely,

Kellee Murrell, George T. Lee Principal

2025-2026
5th Grade Summer Reading List
St. Philip's School & Community Center

At St. Philip's School and Community Center, one of our many goals is to inspire a life-long love of reading within the hearts of each of our students. Toward that goal, we have devised a summer reading program with activities interwoven throughout the coming school year. Students may read the books independently, read them aloud with a parent, or listen to the audio version.

Summer Reading Assignment: Students will read two books: the required reader and one book of their choice. Students will need to purchase both books as they will use them in class and annotate as they read using the Close Reading Marks. See the attached annotation instructions.

CLOSE READING MARKS	
—	Keyword
*	Important
✓	I understand
○	Tricky word
	I'm surprised
?	I don't understand

1. Read the required reader: Wonder by R.J. Palacio.

This story is about ten-year-old Auggie Pullman, who is just a normal kid – on the inside. As for the outside, well, that is a different story. After being home-schooled for years, Auggie is about to start fifth grade but he is worried. How will he fit into middle school life when he looks so different from everyone else? This is a memorable story of courage, kindness, and wonder.

2. Complete the written assignment. The summer written assignment for Wonder is a Paper Bag Book Report. Please see the handout for detailed instructions. We will also discuss the book and engage in related activities during the first month of School. This will be their first grade of the school year.
All assignments are due on the first day of school. There will be a penalty for late assignments.

3. Read a book from the Suggested Reading List and be prepared to bring it to share for a class Book Talk.

Suggested Reading List

Amari and the Night Brothers by B.B. Alston

Invisible by Christina Gonzalez and Gabriela Epstein

Tristan Strong Punches a Hole in the Sky by Rick Riordan

Let the Children March by Monica Clark – Robinson

The Marvellers by Dhonielle Clayton

Black Boy Joy by Kwame Mbalia

Paper Bag Book Report-Due: The First Day of School Please return this paper with your project! This is our first book report. You will read *Wonder* by R.J. Palacio. Please don't procrastinate! Follow the directions below as soon as you finish your book!

1. Secure a full-size (standard grocery bag size) brown or white paper bag with handles. Please write the title and your name on the front and draw/color an illustration to go with your book.
2. Put 4 items in the bag that can help you retell the story. Item 1 should tell about a character. Item 2 should tell about a setting in the story. Item 3 should tell about a problem or event in the story. Item 4 should relate to the solution or end of the story. Pictures aren't permissible. The items must be three-dimensional objects.
3. On paper, write the title, and author. Then, write one paragraph for each item and describe how it relates to your story. Ex. The first item in my bag is a _____. It represents the character because _____.

Be prepared to discuss your book and explain the items in your bag as part of your grade! You will not get to read from your

paragraphs for the presentation.

4th – 7th Grade Summer Math Requirement:

This summer all students are required to work in *ALEKS*. Students will continue their path from the school year. Some students may have to begin by taking a diagnostic assessment when they log in. Please do not assist them as they will continue working on this program weekly throughout the year and must be able to work independently. This program will design a path to help students increase their math skills and retain concepts. Students **MUST** work to receive a 100% completion percentage on the current instructional level of *ALEKS*. This requirement must be completed by the 1st day of school. If students are working above grade level they should have an email with Math Summer Requirement as the subject to confirm and let them know what is required of them. See the guidelines below (Page 2) regarding what students need to do to receive credit.

Account logins for new students will be sent to parents via email by June 3rd. Students will access *ALEKS* by visiting www.aleks.com. Please print this sheet and have your student write down their log in information below, to ensure that they have this information during the summer. *Please share this information with any household where your student will spend a significant amount of time this summer.

Username: _____

Password: _____

Teachers will receive a report monthly and again at the end of the summer detailing your student's progress and this will count as a completion quiz grade. **Students not meeting the requirement will receive a 0 as their first quiz grade.** Parents will receive a weekly summary email of your student's progress. Please watch the video to listen to detailed instructions. <https://youtu.be/pPPEQiYrEV8>

****Please pay close attention to the number of topics that students have learned or mastered. This is the way to increase their percentage. The goal is to retain and improve your student's math skills over the summer. The results will also provide valuable information on how we can work together to ensure your student's success during the next school year.**

Finally, here are guidelines for making the most out of the at-home learning experience:

1. **Students MUST keep an organized ALEKS journal to work out problems.** They will include the topic title and date for each page. Do not allow your student to use a calculator, unless it is provided within the program for a specific problem. **Journals are required to be turned in to your student's math teacher on the 1st day of school.**
2. **Please discourage your student from using external help**, such as the Internet or a family member providing them with answers. Students will get the most benefit from working through the problems on their own! They can access videos on Khan Academy, Flocabulary, Math antics or Math Playground for instructional concepts and practice as needed. Topics may be done in any order. Students are encouraged to skip around to work on topics that they are more familiar with before tackling problems that may be more challenging for them.
3. **Don't forget that tools are available in the ALEKS program to help your student!**
Tools include:
 - A Dictionary of math terms and concepts
 - An "Explanation" button providing step-by-step instructions for solving a problem
4. **Set a regular work schedule. Students work speed may require additional time.**
 - Hours Per Week: **1+**
 - Number of Days Per Week: **2-3 days a week**
5. **Check your student's progress percentage often. Do NOT wait until the last week.**
6. **For 4th Grade ONLY...If your student has NOT completed Reflex math multiplication and division at 100%, keep working toward this goal in addition to ALEKS. This will help with their math fluency and success in ALEKS.**
 - Access Reflex math through your Clever account to check your percentage.

For technical assistance, please contact ALEKS Customer Support:

- Hours (Eastern Time):
 - Sunday, 4:00 PM – 1:00 AM
 - Monday - Thursday, 7:00 AM – 1:00 AM
 - Friday, 7:00 AM – 9:00 PM
- Contact: <http://support.aleks.com>

Thank you for your cooperation and support. If you have any questions, concerns or issues with your account, please email your student's teacher or tgovan@stphilips.com

Have a wonderful summer!

Want to make this the best summer ever? Spreading kindness is a great place to start! Not only will you be helping other people, you'll also be helping yourself feel happier at the same time.

This is your own special Kindness Calendar. You can use it to record your acts of kindness during the summer...we've added a few suggestions and left lots of blank spaces for you to add your own ideas.

What colour will you make your hearts? Use our colour key to decide!

Green Heart - Acts that are kind to the planet

Yellow Heart - Acts that are kind to ourselves

Red Heart - Acts that are kind to other people
