

Why St. Philip's?

100%
**High School
Graduation Rate**

95% attend college
and **85%** graduate within four years.

We became acquainted with St. Philip's through one of the Heritage plays, we researched the school and were so inspired by the mission statement, that we applied. We continue to keep our daughters here because we have grown to love the family atmosphere it provides, the vigorous academics, being able to see the implementation of the mission statement, and most importantly, because of **the Christian environment teachers and administration strive to provide and live before our children.** - Marcus & Ellena Johnson (Parents of Maitilyn-4th grade and Maelynn-Kinder)

100% OF ST. PHILIP'S STUDENTS AND FACULTY WERE EQUIPPED WITH **APPROPRIATE TECHNOLOGY AND CONNECTIVITY** TO ENSURE QUALITY DISTANCE OR IN-PERSON LEARNING

WITH AN

AVERAGE OF

10+ YEARS

AT ST. PHILIP'S

SMALL CLASS SIZE

8:1 Early Childhood and an average of **13:1** Grades 1-6

I knew that coming to St. Philip's would allow us to be a part of a true village. I knew I would meet parents, faculty and staff that could relate to my struggles ...I knew that **expectations for my son would be high and that his educational and cultural experience would be second to none...** I knew that when I dropped him off at school, he was a part of an institution with phenomenal history that is uniquely designed with Christ at the center and that he would be with people that love him as their own and would protect, encourage and challenge him as I would.

Wendelin Donahue (Parent of Tyson -1st, and Joshua & Caleb-PK3)
