**FOR IMMEDIATE RELEASE:**

**St. Philip's School and Community Center to host Ribbon Cutting and Unveiling**

(DALLAS, TX – November 4, 2021) - St. Philip's School and Community Center will host a ribbon-cutting and unveiling of newly constructed and recently renovated areas on its expanding campus on Thursday, November 18 at 9:30am. The ribbon-cutting will include the Maclin Family Legacy Center, Rees-Jones Welcome Center, Dallas Stars Early Childhood Playground, WeCreation Center, Landin Family Literacy Library, and Trammell Crow Library.

This year, St. Philip's School and Community Center celebrates 75 Years of Wondrous Works. Each ribbon cutting is symbolic of the many wondrous works birthed through St. Philip's and the compassionate generosity of several strategic partners.

St. Philip's is excited and honored to have donors and sponsors of these spaces present for this milestone event. As a part of the ribbon-cutting, guests will have the opportunity to tour and visit with students, staff, and faculty at each location.

The newly featured spaces are the direct result of St. Philip's historic We Believe Campaign, now in its final phase. Funding for these projects is due to the generous support of Diana and Todd Maclin, Dallas Stars Foundation, Sapphire Foundation, The Real Estate Council, Rebecca and Robert Landin, and The Rees-Jones Foundation.

Through these dynamic and renovated buildings, St. Philip's is equipped to expand what it offers in classrooms, on the playground, and the Community Center. And, most importantly, St. Philip's can provide a safer and more welcoming environment to all who walk through its doors for years to come.

**About St. Philip's School & Community Center**

St. Philip's School & Community Center is a private Christian school in southern Dallas serving approximately 240 students in grades PK2 through 6th grade (ages 2–12), and a multi-faceted community center, providing numerous athletic, educational, and social services to over 4,000 children, youth, and adults annually.
